Subject: DFW Area Redsignation & Maintenance Plan - Ozone

Hi Tonya,

I hope you are working remotely and breathing good health air. Wow, aren't we all experiencing some interesting times. I hope you stay safe and COVID19 free.

I wanted to let you know that R6 finalized our approval of the Texas SIP revision addressing the maintenance plan for the DFW area under the revoked 1-hour and 8 hour ozone standards. Note, this action terminates all anti-backsliding obligations for the DFW area for the 1 and 8 hour ozone standard. This is a 40 plus page document, have fun reading.

Btw, any word on from the Harrington Generating Station in Potter County consideration for SO2 reductions? Or reaction to R6 moving forward with a SO2 Clean Data Determination for the areas surrounding Big Brown, Monticello and Martin Lake?

Feel free to call me anytime.
